- Copy paper is necessary for students to have needed materials for classwork, homework, tests, and parent communication.
- Dockets are necessary in order to organize materials and school supplies in grades 1-5.
- James Irwin Charter Schools outsources our IT services to keep up with the demand of our five schools. There is a monthly fee for this service, as well as monthly charges for other important items such as cybersecurity, licensing, and device maintenance. The technology fee helps to offset some of these costs.

****NO REFUND – I understand these fees are nonrefundable, even if my student leaves JIES-A.**
