

**Essay Competition Award Presentation:**

1. Awards should be presented as an event to the scholarship winners and in front of their peers. This can be a classroom, meeting room, or large venue.
2. Once notified of winning, coordination will occur with the student's school so that an event; however large or small is presented to the scholarship winner.
3. Freedom Center of the Rockies (FCR) board members will be in attendance to present the scholarship to the winner.
4. It is preferred that scholarships are presented quickly as possible to the winner, regardless of event size.
