- Copy paper is necessary for students to have materials for classwork, homework, testing and communication to parents.
- James Irwin Schools outsources IT services to keep up with the demand of our schools. The general technology payment helps offset the costs, such as the monthly fee and charges for cybersecurity, IT and device maintenance, and repair of technology equipment.
- Dockets keep supplies and work organized for the students in grades 1-5.

Fees are waived for families who qualify for free or reduced lunch in the federal lunch program.

I understand the fees are non-refundable in the event my student withdraws from James Irwin Elementary School-Howard Campus.
